

2022 AIS Treatment Grant Application

A copy of your responses will be emailed once the application is submitted

* Required

1. Email *

2. Proposering Organization, Proposers name, Phone Number, and Address *

3. Please give a BRIEF history of your organization, history and goals as they pertain to AIS. *

4. If any AIS Treatment projects by the proposer were funded by Meeker County in 2021, an Year Report is required to remain eligible. *

Check all that apply.

- No end of year report to file (no previously funded projects)
- I have sent in my report
- I will send in my report by October 29th, 2021

5. Who will (likely) the service provider be? The 2022 RFP Appendix contains a list of licensed providers their contact information. *

Skip to question 6

Chemical or Mechanical Treatment of AIS

6. Detail below the Scope of the Project *

7. What is the desired result? How do you plan to measure your efficacy? *

8. Provide a timeline of planned activities, meetings and actions related to the execution of proposed project *

9. Please provide an estimated date of completion. *

Example: January 7, 2019

Skip to question 10

Evidence of Approach

If unsure of the method, contact the service provider for the information requested

10. According to your service provider, what method will likely be used? Note: Using an herbicide without a DNR permit is a misdemeanor, and may result in a citation. *

Mark only one oval.

- ProcellaCor
- Triclopyr
- Penoxsulam
- Diquat
- Endothall
- Imazapyr
- Imazamox
- Glyphosate
- Fluridone
- Flumioxazin
- 2,4-D
- Cutrine+
- Mezzine
- MECHANICAL
- BIOCONTROL

11. If you are using 2,4-d it is recommended to contact your service provider for an alternate chemical if you are treating a large area. How much will this increase the cost?

12. How much area has been treated previously? How much do you aim to treat now? *

13. If you have treated for two or more consecutive years, has the same chemical been used?

Mark only one oval.

- Yes
- No
- We have not treated for two or more consecutive years

14. Has coverage been reduced or slowed? *

Mark only one oval.

- yes
- no
- unknown

15. Has your organization solicited quotes for this project from more than one provider? *

Mark only one oval.

- Yes
- No
- Maybe

16. Treatment of AIS requires a permit from the DNR's AIS Specialist. These permits are typically requested by a lake service provider. No reimbursements or direct to provider payment will be made if a permit is not issued by the correct party. *

Mark only one oval.

- I understand
- I have questions and will contact the AIS Coordinator

17. Have you received a third party survey in the last year or do you plan to obtain one next year? (if you are requesting \$7,000 or more for this grant type, a third party survey is required) *

Mark only one oval.

- A third party survey has been completed since 2020
- I will be obtaining a third party survey in 2022

Budget

If you have questions regarding any of the following questions refer to the appendix in the 2022 RFP

18. Will you or have you applied for grant funding for the project proposed from any parties other than Meeker County? *

Mark only one oval.

- Yes
- No

19. If we have funded this type of project on the site proposed in the past how much grant monies have been used?
-

- 20. This Grant program has a 1:1 match requirement and grants are fulfilled as reimbursements. The match results in equal investment of both the proposer and county. The AIS Grants approved, will match up to half of your total project cost (not to exceed \$12,500.00). The 2022 RFP contains terms and conditions for grant application and details on grant fulfillment, please read the RFP before submitting your grant application *

Mark only one oval.

- I understand
- I do not understand and will be reaching out for clarification

- 21. The proposers match must be greater than or equal to the amount requested. Up to 50% of the match (25% of the project cost) may be documented as hours or services in kind. Any reported in kind amount must be in line with the terms defined in the 2022 RFP. *

Check all that apply.

- I am requesting to use hours in kind
- I am not requesting to use hours in kind

- 22. Detail your budget for this project NOT including any other grant applications for other projects (Training or Inspections) *

Include the following: 1. Project total 2. Amount requested by Meeker County (No more than half your total project costs) 3. Proposer Cash Match (equal to or greater than the amount requested less in-kind if requested). 4. In kind hours or services requested (In kind rate increased to 25\$/HR)

- 23. In order to pay for treatment which benefits the prevention or management of AIS in the County, in cases of financial hardship, a direct to provider payment may be approved as a exception and a grant fulfilled as a direct to provider payment. In order to be eligible proof of hardship must be included. Grant fulfillment under this exception maintains a 1:1 match and will occur only when the amount requested is equal to the amount spent and documented by the proposer (up to 50% in kind hours or services) and the payment is made to a provider not the proposer.

Mark only one oval.

- I would like to include a request for direct to provider payment exception

The 2022 RFP contains terms and conditions for grant application and details on grant fulfillment, please review the RFP before submitting your grant application

24. This submission shall affirmatively state the review and acceptance of all general proposal requirements and grant agreement terms contained in the Meeker County Request for Proposals to Prevent and Manage Aquatic Invasive Species in 2022. This submission and marking, I understand, affirms that this application will become the property of Meeker County upon submission. By submitting, the proposer agrees that Meeker County may copy the proposal to facilitate evaluation or respond to requests for public data and warrants and is not violating any third-party rights, including copyrights. *

Check all that apply.
