## Additional Performance Credit Calculations and Supplemental Information

Describe below the progress made in meeting your program year work plan inspection goals. You must provide quantitative results for each compliance inspection and land application goal listed in your work plan.

I did ok on my inspection strategies. All sites inspected were in a DWSMA and 4 sites were in a shoreland also (Private Pastureland, JOTS - Grovedale, Miller Nursery site, and Dan Fitterer Farm). My goals for sites in a shoreland or DWSMA was 8 inspections. For the sites never inspected goal - I did fine as well - the goal was 5 sites and I hit that number, although one site no longer had animals so it was set to zero and will appear on the discrepancy list. (Private Pasture Land, Eric Johnson Heifer Site, Jon Barka Feedlot, AB Dairy, Eugene Wheking Farm). The last Inspection Strategy was Meeker County CUP site - of which 8 needed to be completed and 17 were completed.
